

Last Mass Meeting Spring '54

The Passing of the Panic as apposed to the Taming of the Shrew

Twas the week before exam time
And all through Smith College
All were busy cramming
Hoping to get some last minute knowledge.

The station's reading period schedule had been arranged with great care
With hopes that all music planned would go over the air.

When up in Davis today Wednesday at four
Came all WCSR members, enthusiasm galore,
They spoke not a word, for it was a special occasion,
WAMF's Jake and Hodge had come to give an oration.

As a king speaks eloquently to his subjects below,
So Dark Star and Dangerous,
Gave us hints for a better station,
Who knows, maybe more dough????

We thank Jake and Hodge,
For their inspiring orations,
Let's hope that in the future,
We'll have more inter-station relations!!

It seem hardly possible that
The year is almost over,
And that soon many will pass depart for California,
Or past the White Cliffs of Dover.

It's been a great year,
With many laughs and much fun,
But without all you members,
The station would never run.

Thank you all for your ideas and fine cooperation,
We hope to see each of you next September,
Back at the station.

Tis the week before exams,
And all through the station,
Only music is heard,
Time for great concentration.

Therefore we exclaim before we travel distances far,
A great summer to you all,
And to all au revoir!

The President of the Senate is opposed to the passing of the Bill

There the work before them is
And all through the day
All were busy working
Working to get the Bill passed.

The station's work is not done
With hopes that all will be done
With hopes that all will be done
With hopes that all will be done.

When we go to the station
Come all to the station
They expect to see you
When you go to the station.

As a kind of a station
So that you can see
Give us a look at the station
Who knows what you will see.

We think it is a station
For the station is a station
Let's go to the station
We'll have a look at the station.

It seems to be a station
The year is almost over
And that is the station
Or that is the station.

It's a station
With many people
But without all the people
The station is a station.

Thank you all for your ideas and fine cooperation,
We hope to see you all next September,
Back at the station.

The work before them is
And all through the day
Only work is done
The work before them is.

Therefore we expect to see you all
A great number to you all
And so all are ready!
